CITIZENSHIP

OVERALL AIM: We seek to provide pupils with knowledge, skills and understanding to prepare them to play a full and active part in society. We aim to encourage, develop and promote a keen awareness and understanding of democracy, government and how laws are made and upheld. This applies on many levels; with focus on democracy in school via the School Council, local, national and global politics. All pupils are encourage both within the curriculum and in extracurricular opportunities to debate and make reasoned arguments based on evidence and a range of opinions. This helps prepare our pupils to take their place in society as responsible, well-rounded and well informed active citizens.

Pupils are be given a variety of opportunities to develop socially, encouraging participation through discussion. We encourage pupils to have a positive view of their role in society. Pupils develop a healthy lifestyle and keep themselves safe. Pupils have the opportunity to take part in debates and challenge viewpoints. They should be able to express themselves clearly verbally or in written form. Pupils will play an active part as future citizens, and members of society. They will develop these skills so that they will make the most of their abilities.

Pupils will develop the confidence to express their opinions. They will build up their self-esteem, tolerance and resilience. Pupils will develop skills of empathy.
